Mr. Loch Johnson  
Permanent Select Committee  
on Intelligence  
House of Representatives  
Washington, D.C. 20515

Dear Loch:

I am forwarding herewith a notice which announces the expansion of the Publications Review Board membership. Given your past interest in the Board, I assumed that you would be interested in this notice as well.

Additionally, I am forwarding a package of listings of books/articles written since mid 1975, their authors, and actions taken by the Agency with regard to those books/articles. It strikes me that this listing is significantly more complete than anything you had previously seen. Caveat: (As you may know, these lists were part of a discovery request made by defense attorneys in the case of United States vs Snapp. The Government successfully resisted the request. Accordingly, we would greatly appreciate the use of these lists being restricted to the Committee and Committee staff.

Sincerely,

Assistant Legislative Counsel
